GASTROINTESTINAL ENDOSCOPY

OFFICIAL JOURNAL OF THE AMERICAN SOCIETY FOR GASTROINTESTINAL ENDOSCOPY

CHARLES J. LIGHTDALE, MD, *Editor*

Associate Editors
LOREN A. LAINE, MD
GLEN A. LEHMAN, MD
DAVID A. LIEBERMAN, MD
STEPHEN E. SILVIS, MD
Associate Editor for Abstracts
JOHN BAILLIE, MD

Editors Emeritus
WILLIAM S. HAUBRICH, MD
BERNARD M. SCHUMAN, MD
Managing Editor
REINA S. LIGHTDALE
Editorial Assistants
PALMIRA GALL
ALICE LEBAUER

Manuscript submissions and editorial inquiries should be directed to:
CHARLES J. LIGHTDALE, MD
Editor, Gastrointestinal Endoscopy
Columbia-Presbyterian Medical Center
630 West 168th Street
New York, New York 10032
201-592-0529
201-592-7354 (fax)

Editorial Board

Chairman
PAUL A. KANTROWITZ, MD, *Cambridge, MA*
JOHN H. BOND, MD, *Minneapolis, MN*
EUGENE M. BOZYMSKI, MD, *Chapel Hill, NC*
DAVID A. GILBERT, MD, *Seattle, WA*
CHRISTOPHER J. GOSTOUT, MD, *Rochester, MN*
ANTHONY N. KALLOO, MD, *Baltimore, MD*
RICHARD A. KOZAREK, MD, *Seattle, WA*
BRUCE V. MAC FADYEN, Jr., MD, *Houston, TX*
GEORGE W. MEYER, MD, *Atlanta, GA*
MICHAEL V. SIVAK, Jr., MD, *Cleveland, OH*
GARY ZUCKERMAN, DO, *St. Louis, MO*

International Editors

MEINHARD CLASSEN, MD, *Munich, Germany*
MICHEL CREMER, MD, *Brussels, Belgium*
LIONELLO GANDOLFI, MD, *Bologna, Italy*
MOISES GUELRUD, MD, *Caracas, Venezuela*
KEIICHI KAWAI, MD, *Kyoto, Japan*
ZDENEK MARATKA, MD, *Prague, Czech Republic*
PAUL ROZEN, MD, *Tel-Aviv, Israel*
GUIDO TYTGAT, MD, *Amsterdam, The Netherlands*

Subject Index To Volume 43

(January-June, 1996)

A

Abdominal wall
  Trans-hepatic proximal migration of percutaneous-endoscopic biliary stent presenting as an abdominal wall abscess (Tan et al). 1996;43:152-4 (Case rep.)
Abnormalities
  The incidence of pancreas divisum in children (Guelrud). 1996;43:83-4 (Letter)
Abscess
  Trans-hepatic proximal migration of percutaneous-endoscopic biliary stent presenting as an abdominal wall abscess (Tan et al). 1996;43:152-4 (Case rep.)
Acid peptic esophagitis; *see* Esophagitis, peptic
Adolescence
  Benign esophageal strictures in children and adolescents: etiology, clinical profile, and results of endoscopic dilation (Broor et al). 1996;43:474-7
Adrenaline
  Factors predicting failure of endoscopic injection therapy in bleeding duodenal ulcer (Brullet et al). 1996;43:111-6
  A prospective randomized trial of heater probe thermocoagulation versus injection therapy in peptic ulcer hemorrhage (Llach et al). 1996;43:117-20
Alcohol
  Epinephrine or epinephrine plus alcohol for injection of bleeding ulcers: a prospective randomized trial (Chung et al). 1996;43:591-5
American Endosonography Club
  Progress in endoscopic ultrasonography (Lightdale). 1996;43:79-80 (Editorial)
American Society for Gastrointestinal Endoscopy
  Alternative pathways to training in gastrointestinal endoscopy (American Society for Gastrointestinal Endoscopy). 1996;43:658-60 (Position statement)
  Device evaluation and the Food and Drug Administration process (Technology Assessment Committee). 1996;43:641-4
  Endoscopic tissue staining and tattooing (Technology Assessment Committee). 1996;43:652-7
  Progress in endoscopic ultrasonography (Lightdale). 1996;43:79-80 (Editorial)
  Radiographic contrast media used in ERCP (Technology Assessment Committee). 1996;43:647-51
  Reprocessing of flexible gastrointestinal endoscopes (American Society for Gastrointestinal Endoscopy). 1996;43:540-6 (Position statement)
  Sphincter of Oddi manometry (Technology Assessment Committee). 1996;43:645-6
Ampulla of Vater; *see* Vater, ampulla of
Analgesia, patient-controlled
  Patient-controlled analgesia for conscious sedation during endoscopic retrograde cholangiopancreatography: a randomized controlled trial (Jowell et al). 1996;43:490-4
Anastomosis, surgical
  Fluorescence endoscopic imaging study of anastomotic recurrence of Crohn's disease (Maunoury et al). 1996;43:603-4 (New methods—New materials)
Angiodysplasia
  Endoscopic treatment of gastric angiodysplasia with elastic band ligation (Campo and Brullet). 1996;43:502-4 (New methods—New material)
  Push enteroscopic cauterization: a long-term follow-up of 83 patients with bleeding small intestinal angiodysplasia (Askin and Lewis). 1996;43:580-3
Antibiotics
  Antibiotic prophylaxis of ERCP with ciprofloxacin (Mohandas and Kelker). 1996;43:175 (Letter)
Antispasmodics; *see* Parasympatholytics
Anus
  Anal sphincter disorders (Bartram). 1996;43:S32-4 (Symposium)
Aphthous ulcer; *see* Ulcer

Artifacts
Endoscopic ultrasonography artifacts and problems of interpretation (Rösch). 1996;43:S10-2 (Symposium)
Ultrasound physics: principles of ultrasonography (Herbener). 1996;43:S4-6 (Symposium)
Aspiration
Retrieval of a pin from the stomach by endoscopic aspiration through an inner tube (Pugliese) (Letter); (Webb and Jordan) (Reply). 1996;43:261-3

B

Balloon dilation
Endotherapy for gastric outlet obstruction (Kozarek). 1996;43:173-4 (Editorial)
Simple and effective endoscopic tamponade for duodenal bleeding (Taylor and Holt). 1996; 43:144-5 (New methods—New materials)
Through-the-scope balloon dilation for pyloric stenosis: long-term results (Lau et al). 1996; 43:98-101
Bile
A new way to obtain contrast-free bile during ERCP (Schutz et al). 1996;43:231-2 (New methods—New materials)
Bile duct diseases
Biliary fascioliasis: diagnosis, treatment and follow-up by ERCP (Dias et al). 1996;43: 616-20 (Case rep.)
Bleeding from bile duct varices: an unexpected hazard during therapeutic ERCP (Tighe and Jacobson). 1996;43:250-2 (Case rep.)
Bile duct neoplasms
Human tissue responses to metal stents implanted in vivo for the palliation of malignant stenoses (Bethge et al). 1996;43:596-602
New technique for bilateral metal mesh stent insertion to treat hilar cholangiocarcinoma (Silverman and Slivka). 1996;43:61-3 (New methods—New materials)
The TNM staging system (Tio). 1996;43:S19-24 (Symposium)
Bile ducts, intrahepatic
Cannulatome-aided selective intrahepatic bile duct cannulation (Ching et al). 1996;43:632-3 (Letter)
Biliary strictures
Complete tissue sampling of biliary strictures at ERCP using a new device (Howell et al). 1996;43:498-502 (New methods—New material)
A novel technique for dilating difficult malignant biliary strictures during therapeutic ERCP (van Someren et al). 1996;43:495-8 (New methods—New material)
Postradiotherapy benign biliary stricture: successful treatment by self-expandable metallic stent (Schmets et al). 1996;43:149-52 (Case rep.)
Ultrasonic probes for pancreaticobiliary strictures (Yasuda). 1996;43:S35-7 (Symposium)
Use of expandable metal stents for benign biliary strictures: need for balanced multidisciplinary approach (Rossi et al). 1996;43:73-5 (Case rep.)
Billroth II gastrectomy; *see* Gastrectomy
Biopsy
Complete tissue sampling of biliary strictures at ERCP using a new device (Howell et al). 1996;43:498-502 (New methods—New material)
Detection of *Helicobacter pylori* by rapid urease tests: Is biopsy size a critical variable? (Yousfi et al). 1996;43:222-4
Disposable versus reusable biopsy forceps: a prospective evaluation of costs (Kozarek et al). 1996;43:10-3
The influence of size or number of biopsies on rapid urease test results: a prospective evaluation (Laine et al). 1996;43:49-53
A new biopsy hand instrument for endoscopic ultrasound–guided fine-needle aspiration biopsy (Vilmann and Hancke). 1996;43:238-42 (New methods—New materials)
Biopsy, needle
Endoscopic ultrasonography-guided fine-needle aspiration biopsy of lymph nodes (Vilmann). 1996;43:S24-9 (Symposium)
Fine-needle aspiration of posterior mediastinal lesions guided by radial scanning endosonography (Ikenberry et al). 1996;43:605-10 (New methods—New materials)
Hepatic portal venous gas after transgastric EUS-guided fine-needle aspiration of an accessory spleen (Pfaffenbach et al). 1996;43: 515-8 (Case rep.)
Indications, contraindications, and complications of endoscopic ultrasonography (Lightdale). 1996;43:S15-9 (Symposium)
A new biopsy hand instrument for endoscopic ultrasound–guided fine-needle aspiration biopsy (Vilmann and Hancke). 1996;43:238-42 (New methods—New materials)
A primer on linear array endosonographic anatomy (Chang and Erickson). 1996;43:S43-7 (Symposium)
Bleeding; *see* Hemorrhage
Blood clot
Natural history of bleeding peptic ulcers with a tightly adherent blood clot: a prospective observation (Lin et al). 1996;43:470-3
A prospective outcome study of patients with clot in an ulcer and the effect of irrigation (Laine et al). 1996;43:107-10
Book reviews
Book reviews. 1996;43:90-1, 181-2, 269-70, 538-9, 639-40
Bowel injuries; *see* Intestines, injuries
Buried bumper syndrome
Another approach to the buried bumper syndrome (Frascio et al). 1996;43:263 (Letter)
Burns
Mechanism, management, and prevention of laparoscopic bowel injuries (Schrenk et al). 1996;43:572-4

C

Cannulation; *see* Catheterization
Carbon dioxide
Prospective comparison of helium versus carbon dioxide pneumoperitoneum (Neuberger et al). 1996;43:38-41
Carcinoma
Endoscopic biliary endoprosthesis for palliation of gallbladder carcinoma (Vij et al). 1996;43: 121-3
Endoscopic ultrasonic probes and mucosectomy for early gastric carcinoma (Yasuda). 1996; 43:S29-31 (Symposium)
New technique for bilateral metal mesh stent insertion to treat hilar cholangiocarcinoma (Silverman and Slivka). 1996;43:61-3 (New methods—New materials)
Plastic prosthesis versus expandable metal stents for palliation of inoperable esophageal thoracic carcinoma: a controlled prospective study (De Palma et al). 1996;43:4478-82
Cardia
Interobserver agreement in endoscopic ultrasonography staging of esophageal and cardia cancer (Burtin et al). 1996;43:20-4
Catheterization
Cannulatome-aided selective intrahepatic bile duct cannulation (Ching et al). 1996;43:632-3 (Letter)
Cautery
Push enteroscopic cauterization: a long-term follow-up of 83 patients with bleeding small intestinal angiodysplasia (Askin and Lewis). 1996;43:580-3
Chemotherapy; *see* Drug therapy
Child
Benign esophageal strictures in children and adolescents: etiology, clinical profile, and results of endoscopic dilation (Broor et al). 1996;43:474-7
The incidence of pancreas divisum in children (Guelrud). 1996;43:83-4 (Letter)
Cholangiocarcinoma; *see* Carcinoma
Cholangiopancreatography, endoscopic retrograde
Antibiotic prophylaxis of ERCP with ciprofloxacin (Mohandas and Kelker). 1996;43:175 (Letter)
Biliary fascioliasis: diagnosis, treatment and follow-up by ERCP (Dias et al). 1996;43: 616-20 (Case rep.)
Bleeding from bile duct varices: an unexpected hazard during therapeutic ERCP (Tighe and Jacobson). 1996;43:250-2 (Case rep.)
Complete tissue sampling of biliary strictures at ERCP using a new device (Howell et al). 1996;43:498-502 (New methods—New material)
Endoscopic retrieval of a concealed parcel (ERCP) (Schiano and Kelberman). 1996;43:85 (Letter)
Endosonography-guided cholangiopancreatography (Wiersema et al). 1996;43:102-6
ERCP guide wires (Jacob and Geenen). 1996; 43:57-60 (Review article)
A new way to obtain contrast-free bile during ERCP (Schutz et al). 1996;43:231-2 (New methods—New materials)
A novel technique for dilating difficult malignant biliary strictures during therapeutic ERCP (van Someren et al). 1996;43:495-8 (New methods—New material)
Patient-controlled analgesia for conscious sedation during endoscopic retrograde cholangiopancreatography: a randomized controlled trial (Jowell et al). 1996;43:490-4
Radiation exposure during ERCP: effect of a protective shield (Chen et al). 1996;43:1-5
Radiographic contrast media used in ERCP (Technology Assessment Committee). 1996; 43:647-51
Selective use of preoperative endoscopic retrograde cholangiopancreatography in laparoscopic cholecystectomy (Chan et al). 1996;43: 212-5
The use of ERCP in the study of patients with hepatic echinococcosis before and after surgical intervention (Spiliadis et al). 1996;43: 575-9
Cholangioscopy
Preoral cholangioscopy using a new fine-caliber flexible scope for detailed examination without papillotomy (Soda et al). 1996;43:233-8 (New methods—New materials)
Cholecystectomy
Selective use of preoperative endoscopic retrograde cholangiopancreatography in laparoscopic cholecystectomy (Chan et al). 1996;43: 212-5
Cholelithiasis
Endoscopic ultrasonography and gallstone disease (Canto). 1996;43:S37-43 (Symposium)
Gallstone ileus treated by extracorporeal shockwave lithotripsy (Meyenberger et al). 1996; 43:508-11 (Case rep.)
Cholestasis
Biliary rendezvous or solo combined procedure for therapy of sump syndrome (Petersen). 1996;43:176-7 (Letter)
Endoscopic pancreatic drainage in chronic pancreatitis associated with ductal stones: long-term results (Dumonceau et al). 1996;43: 547-55
Endoscopic treatment of pancreatic stones in patients with chronic pancreatitis (Smits et al). 1996;43:556-60
Obstructive jaundice due to *Coccidioides immitis* (Ramirez et al). 1996;43:505-7 (Case rep.)
Pancreatic stones: To treat or not to treat? (Lehman and Sherman). 1996;43:625-6 (Editorial)
Clipping; *see* Ligation
Clot; *see* Blood clot
Coccidioides
Obstructive jaundice due to *Coccidioides immitis* (Ramirez et al). 1996;43:505-7 (Case rep.)
Coil prosthesis; *see* Stents
Colon
Colonic mucosal abnormalities associated with

oral sodium phosphate solution (Zwas et al). 1996;43:463-6
Colonoscopy preps: What's best? (Keeffe). 1996; 43:524-8 (Editorial)
Preoperative preparation prior to colorectal surgery (Wexner) (Letter); (Hixson) (Reply). 1996; 43:529-31
Colonic diseases
Endoscopic dilation of a benign postoperative colonic stenosis with a Sengstaken-Blakemore tube (Stigliano et al). 1996;43:70-2 (Case rep.)
Red ring sign versus aphthous ulcers of colonic mucosa? (Stark and Wolfe) (Letter); (Hixson) (Reply). 1996;43:529-31
Colonic diverticulitis; *see* Diverticulitis, colonic
Colonic polyps
The difference in colon polyp size before and after removal (Morales et al). 1996;43:25-8
Endoscopic snare excision of "giant" colorectal polyps (Binmoeller et al). 1996;43:183-8
How big is too big? (Waye). 1996;43:256-7 (Editorial)
Injection-incision–assisted snare resection of large sessile colorectal polyps (Kanamori et al). 1996;43:189-95
Colonoscopy
Colon examination for symptomatic patients (Zarchy and Ershoff) (Letter); (Rex) (Reply). 1996;43:630
Colonic mucosal abnormalities associated with oral sodium phosphate solution (Zwas et al). 1996;43:463-6
Colonoscopy preps: What's best? (Keeffe). 1996; 43:524-8 (Editorial)
Consent for colonoscopy (Fink and Chaudhuri). 1996;43:174 (Letter)
Effect of oral sodium phosphate colon preparation on serum electrolytes in patients with normal serum creatinine (Lieberman et al). 1996;43:467-9
Oral sodium phosphate versus sulfate-free polyethylene glycol electrolyte lavage solution in outpatient preparation for colonoscopy: a prospective comparison (Clarkston et al). 1996; 43:42-8
Premedication with intravenous antispasmodic speeds colonoscope insertion (Saunders and Williams). 1996;43:209-11
Preoperative preparation prior to colorectal surgery (Wexner) (Letter); (Hixson) (Reply). 1996; 43:529-31
Why is colonoscopy more difficult in women? (Saunders et al). 1996;43:124-6
Colorectal neoplasms
Colon examination for symptomatic patients (Zarchy and Ershoff) (Letter); (Rex) (Reply). 1996;43:630
The TNM staging system (Tio). 1996;43:S19-24 (Symposium)
Common bile duct
Biliary rendezvous or solo combined procedure for therapy of sump syndrome (Petersen). 1996;43:176-7 (Letter)
Modification of common bile duct pre-cut sphincterotomy (Lehman and Sherman) (Letter); (Goff) (Reply). 1996;43:80-1
Common bile duct calculi
Endoscopic ultrasonography and gallstone disease (Canto). 1996;43:S37-43 (Symposium)
Computed tomography; *see* Tomography, x-ray computed
Congenital abnormalities; *see* Abnormalities
Conscious sedation
Intravenous ketorolac tromethamine versus meperidine for adjunctive sedation in upper gastrointestinal endoscopy: a pilot study (Dies et al). 1996;43:6-9
Patient-controlled analgesia for conscious sedation during endoscopic retrograde cholangiopancreatography: a randomized controlled trial (Jowell et al). 1996;43:490-4
The placebo in modern medicine (Silvis). 1996; 43:76-9 (Editorial)
Consent; *see* Informed consent
Contrast media
A new way to obtain contrast-free bile during ERCP (Schutz et al). 1996;43:231-2 (New methods—New materials)
Radiographic contrast media used in ERCP (Technology Assessment Committee). 1996; 43:647-51
Costs and cost analysis
Disposable versus reusable biopsy forceps: a prospective evaluation of costs (Kozarek et al). 1996;43:10-3
Creatinine
Effect of oral sodium phosphate colon preparation on serum electrolytes in patients with normal serum creatinine (Lieberman et al). 1996;43:467-9
Crohn's disease
Crohn's esophagitis: a unique cause of esophageal polyposis (Walker et al). 1996;43:511-5 (Case rep.)
Fluorescence endoscopic imaging study of anastomotic recurrence of Crohn's disease (Maunoury et al). 1996;43:603-4 (New methods—New materials)
Cytology
Improved distal tip of a double-lumen cytology brush (Silverman). 1996;43:633 (Letter)

D

Death; *see* Mortality
Deglutition disorders
Benign esophageal strictures in children and adolescents: etiology, clinical profile, and results of endoscopic dilation (Broor et al). 1996;43:474-7
Does fluoroscopic guidance for Maloney esophageal dilation impact on the clinical endpoint of therapy: relief of dysphagia and achievement of luminal patency (McClave et al). 1996;43: 93-7
High esophageal rings (Langdon). 1996;43:177 (Letter)
Laser palliation of inoperable malignant dysphagia: initial and at death (Bourke et al). 1996;43:29-32
Dieulafoy's lesion
Dieulafoy's lesion in the rectum: a case report (Yeoh and Kang). 1996;43:614-6 (Case rep.)
Dilation
Benign esophageal strictures in children and adolescents: etiology, clinical profile, and results of endoscopic dilation (Broor et al). 1996;43:474-7
Dilation of esophageal strictures and subgroup analyses (Marks and Baron) (Letter); (Saeed and Graham) (Reply). 1996;43:531-2
Does fluoroscopic guidance for Maloney esophageal dilation impact on the clinical endpoint of therapy: relief of dysphagia and achievement of luminal patency (McClave et al). 1996;43: 93-7
Endoscopic dilation of a benign postoperative colonic stenosis with a Sengstaken-Blakemore tube (Stigliano et al). 1996;43:70-2 (Case rep.)
Endotherapy for gastric outlet obstruction (Kozarek). 1996;43:173-4 (Editorial)
Fluoroscopy or no for esophageal dilation: the passing of an era (Graham). 1996;43:171-3 (Editorial)
A novel technique for dilating difficult malignant biliary strictures during therapeutic ERCP (van Someren et al). 1996;43:495-8 (New methods—New material)
Perforations after Maloney esophageal dilation (Langdon). 1996;43:82-3 (Letter)
Through-the-scope balloon dilation for pyloric stenosis: long-term results (Lau et al). 1996; 43:98-101
Disinfection
Flexible gastrointestinal endoscopic reprocessing (DiMarino and Bond). 1996;43:522-4 (Editorial)
Mycobacteria and glutaraldehyde: Is high-level disinfection of endoscopes possible? (Urayama et al). 1996;43:451-6
Quality improvement in gastrointestinal endoscopy: microbiologic surveillance of disinfection (Merighi et al). 1996;43:457-62
Reprocessing of flexible gastrointestinal endoscopes (American Society for Gastrointestinal Endoscopy). 1996;43:540-6 (Position statement)
Disposable equipment
Disposable versus reusable biopsy forceps: a prospective evaluation of costs (Kozarek et al). 1996;43:10-3
Diverticulitis, colonic
Successful endoscopic hemostasis of bleeding colonic diverticula with epinephrine injection (Ramirez et al). 1996;43:167-70 (Case rep.)
Drug therapy
The placebo in modern medicine (Silvis). 1996; 43:76-9 (Editorial)
Prior radiation and chemotherapy increase the risk of life-threatening complications after insertion of metallic stents for esophagogastric malignancy (Kinsman et al). 1996;43:196-203
Duodenal neoplasms
Human tissue responses to metal stents implanted in vivo for the palliation of malignant stenoses (Bethge et al). 1996;43:596-602
The TNM staging system (Tio). 1996;43:S19-24 (Symposium)
Duodenal ulcer
Factors predicting failure of endoscopic injection therapy in bleeding duodenal ulcer (Brullet et al). 1996;43:111-6
How many patients must we treat for *Helicobacter pylori* infection to prevent a recurrent duodenal ulcer hemorrhage? (Howden). 1996; 43:175 (Letter)
Laparoscopic Taylor procedure in Chinese patients (Gertsch et al). 1996;43:243-7 (New methods—New materials)
Simple and effective endoscopic tamponade for duodenal bleeding (Taylor and Holt). 1996; 43:144-5 (New methods—New materials)
Duodenum
Duodenal perforation occurring during push enteroscopy (Landi et al). 1996;43:631 (Letter)
Dysphagia; *see* Deglutition disorders

E

Echinococcosis, hepatic
The use of ERCP in the study of patients with hepatic echinococcosis before and after surgical intervention (Spiliadis et al). 1996;43: 575-9
Education
Alternative pathways to training in gastrointestinal endoscopy (American Society for Gastrointestinal Endoscopy). 1996;43:658-60 (Position statement)
Training in endoscopic ultrasonography (Boyce). 1996;43:S12-5 (Symposium)
Elastic band ligation
Endoscopic treatment of gastric angiodysplasia with elastic band ligation (Campo and Brullet). 1996;43:502-4 (New methods—New material)
Electrocoagulation
A prospective randomized trial of heater probe thermocoagulation versus injection therapy in peptic ulcer hemorrhage (Llach et al). 1996;43:117-20
Electrolytes
Effect of oral sodium phosphate colon preparation on serum electrolytes in patients with normal serum creatinine (Lieberman et al). 1996;43:467-9
Oral sodium phosphate versus sulfate-free polyethylene glycol electrolyte lavage solution in outpatient preparation for colonoscopy: a prospective comparison (Clarkston et al). 1996; 43:42-8
Embolization, therapeutic
Gastrointestinal bleeding after hepatic transcatheter arterial embolization in patients with hepatocellular carcinoma (Lin et al). 1996;43:132-7
Embryo
Detection of embryologic ventral pancreatic pa-

renchyma with endoscopic ultrasound (Savides et al). 1996;43:14-9
Endoscopes
Flexible gastrointestinal endoscopic reprocessing (DiMarino and Bond). 1996;43:522-4 (Editorial)
Mycobacteria and glutaraldehyde: Is high-level disinfection of endoscopes possible? (Urayama et al). 1996;43:451-6
Preoral cholangioscopy using a new fine-caliber flexible scope for detailed examination without papillotomy (Soda et al). 1996;43:233-8 (New methods—New materials)
Quality improvement in gastrointestinal endoscopy: microbiologic surveillance of disinfection (Merighi et al). 1996;43:457-62
Reprocessing of flexible gastrointestinal endoscopes (American Society for Gastrointestinal Endoscopy). 1996;43:540-6 (Position statement)
Endoscopic injection therapy; *see* Injections
Endoscopic retrograde cholangiopancreatography; *see* Cholangiopancreatography, endoscopic retrograde
Endoscopic sphincterotomy; *see* Sphincterotomy, endoscopic
Endoscopic ultrasonography; *see* Ultrasonography
Endoscopy around the world
Endoscopy around the world. 1996;43:85-90, 178-81, 265-9, 532-8, 636-9
Enteral nutrition
An improved approach to delivery of enteral nutrition in the intensive care unit (Schapira and Jonard). 1996;43:264 (Letter)
Nasogastric tube insertion over a guide wire placed with a thin transnasal endoscope (Bordas et al). 1996;43:83 (Letter)
A new technique for jejunal tube placement: a marriage of enteroscope and laparoscope (Etzkorn et al). 1996;43:610-4 (New methods—New materials)
Percutaneous endoscopic gastrojejunal tube placement (Berger et al). 1996;43:63-6 (New methods—New materials)
Enteroscopy
Duodenal perforation occurring during push enteroscopy (Landi et al). 1996;43:631 (Letter)
A new technique for jejunal tube placement: a marriage of enteroscope and laparoscope (Etzkorn et al). 1996;43:610-4 (New methods—New materials)
Push enteroscopic cauterization: a long-term follow-up of 83 patients with bleeding small intestinal angiodysplasia (Askin and Lewis). 1996;43:580-3
Epinephrine
Epinephrine or epinephrine plus alcohol for injection of bleeding ulcers: a prospective randomized trial (Chung et al). 1996;43:591-5
Successful endoscopic hemostasis of bleeding colonic diverticula with epinephrine injection (Ramirez et al). 1996;43:167-70 (Case rep.)
Equipment and supplies; *see also* Surgical instruments
Device evaluation and the Food and Drug Administration process (Technology Assessment Committee). 1996;43:641-4
Esophageal and gastric varices
Bleeding from bile duct varices: an unexpected hazard during therapeutic ERCP (Tighe and Jacobson). 1996;43:250-2 (Case rep.)
Combined endoscopic clipping and injection sclerotherapy for esophageal varices (Urita et al). 1996;43:140-3 (New methods—New materials)
Fatal outcome following endoscopic fundal variceal ligation (Vitte et al). 1996;43:82 (Letter)
Esophageal fistula
An esophagopericardial fistula successfully treated with an expandable covered metal mesh stent (Tukkie et al). 1996;43:165-7 (Case rep.)
Esophageal neoplasms
Human tissue responses to metal stents implanted in vivo for the palliation of malignant stenoses (Bethge et al). 1996;43:596-602
Interobserver agreement in endoscopic ultrasonography staging of esophageal and cardia cancer (Burtin et al). 1996;43:20-4
Laser palliation of inoperable malignant dysphagia: initial and at death (Bourke et al). 1996;43:29-32
Management of strictures after radiotherapy for esophageal cancer (Ng et al). 1996;43:584-90
Plastic prosthesis versus expandable metal stents for palliation of inoperable esophageal thoracic carcinoma: a controlled prospective study (De Palma et al). 1996;43:4478-82
Poor result after insertions of multiple esophageal metal stents in the cervical esophagus (Conio et al). 1996;43:264-5 (Letter)
Prior radiation and chemotherapy increase the risk of life-threatening complications after insertion of metallic stents for esophagogastric malignancy (Kinsman et al). 1996;43:196-203
Stents, cloggology, and esophageal cancer (Fleischer). 1996;43:258-60 (Editorial)
The TNM staging system (Tio). 1996;43:S19-24 (Symposium)
Esophageal obstruction
Does fluoroscopic guidance for Maloney esophageal dilation impact on the clinical endpoint of therapy: relief of dysphagia and achievement of luminal patency (McClave et al). 1996;43:93-7
Extraction of an esophageal food impaction with a Roth retrieval net (Neustater and Barkin). 1996;43:66-7 (New methods—New materials)
Stents, cloggology, and esophageal cancer (Fleischer). 1996;43:258-60 (Editorial)
Treatment of esophageal obstruction from mediastinal compressive tumors with covered, self-expanding metallic Z-stents (De Gregorio et al). 1996;43:483-9
Esophageal perforation
Perforations after Maloney esophageal dilation (Langdon). 1996;43:82-3 (Letter)
Treatment of esophageal perforation with a covered expandable metal stent (Bethge et al). 1996;43:161-3 (Case rep.)
Esophageal strictures
Benign esophageal strictures in children and adolescents: etiology, clinical profile, and results of endoscopic dilation (Broor et al). 1996;43:474-7
Dilation of esophageal strictures and subgroup analyses (Marks and Baron) (Letter); (Saeed and Graham) (Reply). 1996;43:531-2
Fluoroscopy or no for esophageal dilation: the passing of an era (Graham). 1996;43:171-3 (Editorial)
High esophageal rings (Langdon). 1996;43:177 (Letter)
Management of strictures after radiotherapy for esophageal cancer (Ng et al). 1996;43:584-90
A randomized blinded comparison of omeprazole and ranitidine in the treatment of chronic esophageal stricture secondary to acid peptic esophagitis (Silvis et al). 1996;43:216-21
Esophagitis
Crohn's esophagitis: a unique cause of esophageal polyposis (Walker et al). 1996;43:511-5 (Case rep.)
Esophagitis, peptic
A randomized blinded comparison of omeprazole and ranitidine in the treatment of chronic esophageal stricture secondary to acid peptic esophagitis (Silvis et al). 1996;43:216-21
EUS; *see* Ultrasonography
Expandable metal stents; *see* Stents
Extracorporeal shockwave lithotripsy; *see* Lithotripsy

F

Fascioliasis
Biliary fascioliasis: diagnosis, treatment and follow-up by ERCP (Dias et al). 1996;43:616-20 (Case rep.)
Fine-needle aspiration; *see* Biopsy, needle
Fistula
An esophagopericardial fistula successfully treated with an expandable covered metal mesh stent (Tukkie et al). 1996;43:165-7 (Case rep.)
Fluorescence
Fluorescence endoscopic imaging study of anastomotic recurrence of Crohn's disease (Maunoury et al). 1996;43:603-4 (New methods—New materials)
Fluoroscopy
Does fluoroscopic guidance for Maloney esophageal dilation impact on the clinical endpoint of therapy: relief of dysphagia and achievement of luminal patency (McClave et al). 1996;43:93-7
Fluoroscopy or no for esophageal dilation: the passing of an era (Graham). 1996;43:171-3 (Editorial)
Food and Drug Administration
Device evaluation and the Food and Drug Administration process (Technology Assessment Committee). 1996;43:641-4
Food impaction
Extraction of an esophageal food impaction with a Roth retrieval net (Neustater and Barkin). 1996;43:66-7 (New methods—New materials)
Forceps; *see* Surgical instruments
Foreign body migration
Trans-hepatic proximal migration of percutaneous-endoscopic biliary stent presenting as an abdominal wall abscess (Tan et al). 1996;43:152-4 (Case rep.)
Foreign body removal
Extraction of an esophageal food impaction with a Roth retrieval net (Neustater and Barkin). 1996;43:66-7 (New methods—New materials)
Nitinol coil esophageal prosthesis: advantages of removable self-expanding metallic stents (Axelrad et al). 1996;43:155-60 (Case rep.)
A novel approach to the removal of sharp foreign bodies from the stomach using a combined endoscopic and laparoscopic technique (Iafrati et al). 1996;43:67-70 (Case rep.)
Removal of an incompletely expanded Ultraflex esophageal stent (Mallery and Freeman). 1996;43:163-5 (Case rep.)
Retrieval of a pin from the stomach by endoscopic aspiration through an inner tube (Pugliese) (Letter); (Webb and Jordan) (Reply). 1996;43:261-3

G

Gallbladder neoplasms
Endoscopic biliary endoprosthesis for palliation of gallbladder carcinoma (Vij et al). 1996;43:121-3
The TNM staging system (Tio). 1996;43:S19-24 (Symposium)
Gallstones; *see* Cholelithiasis
Gastrectomy
A new approach to sphincterotomy in patients with Billroth II gastrectomy (Al-Kawas and Geller). 1996;43:253-5 (Case rep.)
Gastric angiodysplasia; *see* Angiodysplasia
Gastric fundus
Fatal outcome following endoscopic fundal variceal ligation (Vitte et al). 1996;43:82 (Letter)
Gastric lavage
Oral sodium phosphate versus sulfate-free polyethylene glycol electrolyte lavage solution in outpatient preparation for colonoscopy: a prospective comparison (Clarkston et al). 1996;43:42-8
A prospective outcome study of patients with clot in an ulcer and the effect of irrigation (Laine et al). 1996;43:107-10
Gastric mucosa
Does staining gastric mucosa with methylene blue spraying method affect diagnosis of *Helicobacter pylori*? (Demirtürk et al) (Letter); (Hack) (Reply). 1996;43:81
Endoscopic diagnosis and terminology of erosions and similar mucosal lesions (Maťatka). 1996;43:633-6 (Letter)
Endoscopic ultrasonic probes and mucosectomy

for early gastric carcinoma (Yasuda). 1996; 43:S29-31 (Symposium)
Gastric outlet obstruction; *see* Pyloric stenosis
Gastroesophageal reflux
Laryngeal manifestations of gastroesophageal reflux disease: endoscopic appearance and management (Young et al). 1996;43:225-30 (Review article)
Gastrointestinal hemorrhage; *see also* Hemorrhage
Gastrointestinal bleeding after hepatic transcatheter arterial embolization in patients with hepatocellular carcinoma (Lin et al). 1996;43:132-7
Gastrointestinal neoplasms
Endoscopic injection of gelatin solution for severe hemorrhagic gastric cancer (Tajika et al). 1996;43:247-50 (Case rep.)
Endoscopic ultrasonic probes and mucosectomy for early gastric carcinoma (Yasuda). 1996; 43:S29-31 (Symposium)
Gastrointestinal lymphangioma: endosonographic demonstration and endoscopic removal (Hizawa et al). 1996;43:620-4 (Case rep.)
Prior radiation and chemotherapy increase the risk of life-threatening complications after insertion of metallic stents for esophagogastric malignancy (Kinsman et al). 1996;43:196-203
The TNM staging system (Tio). 1996;43:S19-24 (Symposium)
Gastrointestinal system
Normal endosonographic findings (Hawes). 1996;43:S6-10 (Symposium)
Gastrojejunostomy
Percutaneous endoscopic gastrojejunal tube placement (Berger et al). 1996;43:63-6 (New methods—New materials)
Gastrostomy
Another approach to the buried bumper syndrome (Frascio et al). 1996;43:263 (Letter)
CT-guided PEG in patients with unsuccessful endoscopic transillumination (Vogt et al). 1996;43:138-40 (New methods—New materials)
Technique for placement of one-stage gastrostomy button (Strodal) (Letter); (Kozarek) (Reply). 1996;43:629-30
Gelatin
Endoscopic injection of gelatin solution for severe hemorrhagic gastric cancer (Tajika et al). 1996;43:247-50 (Case rep.)
Gender factors
Why is colonoscopy more difficult in women? (Saunders et al). 1996;43:124-6
Glutaraldehyde
Mycobacteria and glutaraldehyde: Is high-level disinfection of endoscopes possible? (Urayama et al). 1996;43:451-6
Guide wires
ERCP guide wires (Jacob and Geenen). 1996; 43:57-60 (Review article)
Nasogastric tube insertion over a guide wire placed with a thin transnasal endoscope (Bordas et al). 1996;43:83 (Letter)
Guidelines
Device evaluation and the Food and Drug Administration process (Technology Assessment Committee). 1996;43:641-4
Endoscopic tissue staining and tattooing (Technology Assessment Committee). 1996;43: 652-7
Radiographic contrast media used in ERCP (Technology Assessment Committee). 1996; 43:647-51
Sphincter of Oddi manometry (Technology Assessment Committee). 1996;43:645-6

H

Heart neoplasms
Interobserver agreement in endoscopic ultrasonography staging of esophageal and cardia cancer (Burtin et al). 1996;43:20-4
Heat probe thermocoagulation; *see* Electrocoagulation
Helicobacter pylori
Detection of *Helicobacter pylori* by rapid urease tests: Is biopsy size a critical variable? (Yousfi et al). 1996;43:222-4
Does staining gastric mucosa with methylene blue spraying method affect diagnosis of *Helicobacter pylori*? (Demirtürk et al) (Letter); (Hack) (Reply). 1996;43:81
Does using a warmer influence the results of rapid urease testing for *Helicobacter pylori* (Yousfi et al). 1996;43:260-1 (Letter)
How many patients must we treat for *Helicobacter pylori* infection to prevent a recurrent duodenal ulcer hemorrhage? (Howden). 1996; 43:175 (Letter)
The influence of size or number of biopsies on rapid urease test results: a prospective evaluation (Laine et al). 1996;43:49-53
Helium
Prospective comparison of helium versus carbon dioxide pneumoperitoneum (Neuberger et al). 1996;43:38-41
Hemorrhage
Bleeding from bile duct varices: an unexpected hazard during therapeutic ERCP (Tighe and Jacobson). 1996;43:250-2 (Case rep.)
Dieulafoy's lesion in the rectum: a case report (Yeoh and Kang). 1996;43:614-6 (Case rep.)
Endoscopic injection of gelatin solution for severe hemorrhagic gastric cancer (Tajika et al). 1996;43:247-50 (Case rep.)
Epinephrine or epinephrine plus alcohol for injection of bleeding ulcers: a prospective randomized trial (Chung et al). 1996;43:591-5
Factors predicting failure of endoscopic injection therapy in bleeding duodenal ulcer (Brullet et al). 1996;43:111-6
How many patients must we treat for *Helicobacter pylori* infection to prevent a recurrent duodenal ulcer hemorrhage? (Howden). 1996; 43:175 (Letter)
Natural history of bleeding peptic ulcers with a tightly adherent blood clot: a prospective observation (Lin et al). 1996;43:470-3
A prospective randomized trial of heater probe thermocoagulation versus injection therapy in peptic ulcer hemorrhage (Llach et al). 1996;43:117-20
Push enteroscopic cauterization: a long-term follow-up of 83 patients with bleeding small intestinal angiodysplasia (Askin and Lewis). 1996;43:580-3
Simple and effective endoscopic tamponade for duodenal bleeding (Taylor and Holt). 1996; 43:144-5 (New methods—New materials)
Successful endoscopic hemostasis of bleeding colonic diverticula with epinephrine injection (Ramirez et al). 1996;43:167-70 (Case rep.)
Hemostasis, endoscopic
Successful endoscopic hemostasis of bleeding colonic diverticula with epinephrine injection (Ramirez et al). 1996;43:167-70 (Case rep.)
Hepatic echinococcosis; *see* Echinococcosis, hepatic
Hepatic veins
Hepatic portal venous gas after transgastric EUS-guided fine-needle aspiration of an accessory spleen (Pfaffenbach et al). 1996;43: 515-8 (Case rep.)
Hepatolithiasis
Divergent effects of endoscopic sphincterotomy on the long-term outcome of hepatolithiasis (Tanaka et al). 1996;43:33-7
Hepatoma
Gastrointestinal bleeding after hepatic transcatheter arterial embolization in patients with hepatocellular carcinoma (Lin et al). 1996;43:132-7
Histoplasma
Small intestinal histoplasmosis: successful treatment with itraconazole in an immunocompetent host (Bodily et al). 1996;43:518-21 (Case rep.)
Hyperplasia
Development of hyperplastic polyps following laser therapy for watermelon stomach (Geller et al). 1996;43:54-6

I

Ileus; *see* Intestinal obstruction
Infection control
Flexible gastrointestinal endoscopic reprocessing (DiMarino and Bond). 1996;43:522-4 (Editorial)
Mycobacteria and glutaraldehyde: Is high-level disinfection of endoscopes possible? (Urayama et al). 1996;43:451-6
Quality improvement in gastrointestinal endoscopy: microbiologic surveillance of disinfection (Merighi et al). 1996;43:457-62
Reprocessing of flexible gastrointestinal endoscopes (American Society for Gastrointestinal Endoscopy). 1996;43:540-6 (Position statement)
Informed consent
Consent for colonoscopy (Fink and Chaudhuri). 1996;43:174 (Letter)
Injection sclerotherapy; *see* Sclerotherapy
Injections
Endoscopic injection of gelatin solution for severe hemorrhagic gastric cancer (Tajika et al). 1996;43:247-50 (Case rep.)
Epinephrine or epinephrine plus alcohol for injection of bleeding ulcers: a prospective randomized trial (Chung et al). 1996;43:591-5
Factors predicting failure of endoscopic injection therapy in bleeding duodenal ulcer (Brullet et al). 1996;43:111-6
Injection-incision–assisted snare resection of large sessile colorectal polyps (Kanamori et al). 1996;43:189-95
A prospective randomized trial of heater probe thermocoagulation versus injection therapy in peptic ulcer hemorrhage (Llach et al). 1996;43:117-20
Successful endoscopic hemostasis of bleeding colonic diverticula with epinephrine injection (Ramirez et al). 1996;43:167-70 (Case rep.)
Intensive care units
An improved approach to delivery of enteral nutrition in the intensive care unit (Schapira and Jonard). 1996;43:264 (Letter)
Interobserver variation
Interobserver agreement in endoscopic ultrasonography staging of esophageal and cardia cancer (Burtin et al). 1996;43:20-4
Intestinal obstruction
Endotherapy for gastric outlet obstruction (Kozarek). 1996;43:173-4 (Editorial)
Gallstone ileus treated by extracorporeal shockwave lithotripsy (Meyenberger et al). 1996; 43:508-11 (Case rep.)
Intestinal perforation
Consent for colonoscopy (Fink and Chaudhuri). 1996;43:174 (Letter)
Duodenal perforation occurring during push enteroscopy (Landi et al). 1996;43:631 (Letter)
Mechanism, management, and prevention of laparoscopic bowel injuries (Schrenk et al). 1996;43:572-4
Intestine, small
Push enteroscopic cauterization: a long-term follow-up of 83 patients with bleeding small intestinal angiodysplasia (Askin and Lewis). 1996;43:580-3
Small intestinal histoplasmosis: successful treatment with itraconazole in an immunocompetent host (Bodily et al). 1996;43:518-21 (Case rep.)
Intestines, injuries
Mechanism, management, and prevention of laparoscopic bowel injuries (Schrenk et al). 1996;43:572-4
Intubation, gastrointestinal
Nasogastric tube insertion over a guide wire placed with a thin transnasal endoscope (Bordas et al). 1996;43:83 (Letter)
Percutaneous endoscopic gastrojejunal tube placement (Berger et al). 1996;43:63-6 (New methods—New materials)
Irrigation
A prospective outcome study of patients with clot in an ulcer and the effect of irrigation (Laine et al). 1996;43:107-10

Itraconazole
Small intestinal histoplasmosis: successful treatment with itraconazole in an immunocompetent host (Bodily et al). 1996;43:518-21 (Case rep.)

J

Jejunostomy
A new technique for jejunal tube placement: a marriage of enteroscope and laparoscope (Etzkorn et al). 1996;43:610-4 (New methods—New materials)

K

Ketorolac
Intravenous ketorolac tromethamine versus meperidine for adjunctive sedation in upper gastrointestinal endoscopy: a pilot study (Dies et al). 1996;43:6-9

L

Laparoscopy; *see* Peritoneoscopy
Laryngeal diseases
Laryngeal manifestations of gastroesophageal reflux disease: endoscopic appearance and management (Young et al). 1996;43:225-30 (Review article)
Laser therapy
Development of hyperplastic polyps following laser therapy for watermelon stomach (Geller et al). 1996;43:54-6
Laser palliation of inoperable malignant dysphagia: initial and at death (Bourke et al). 1996;43:29-32
Ligation
Combined endoscopic clipping and injection sclerotherapy for esophageal varices (Urita et al). 1996;43:140-3 (New methods—New materials)
Endoscopic treatment of gastric angiodysplasia with elastic band ligation (Campo and Brullet). 1996;43:502-4 (New methods—New material)
Fatal outcome following endoscopic fundal variceal ligation (Vitte et al). 1996;43:82 (Letter)
Lithotripsy
Gallstone ileus treated by extracorporeal shockwave lithotripsy (Meyenberger et al). 1996; 43:508-11 (Case rep.)
Liver cirrhosis
Endoscopic sphincterotomy in patients with liver cirrhosis (Prat et al). 1996;43:127-31
The role of laparoscopy in the diagnosis of cirrhosis (Poniachik et al). 1996;43:568-71
Lymph nodes
Endoscopic ultrasonography-guided fine-needle aspiration biopsy of lymph nodes (Vilmann). 1996;43:S24-9 (Symposium)
Lymphangioma
Gastrointestinal lymphangioma: endosonographic demonstration and endoscopic removal (Hizawa et al). 1996;43:620-4 (Case rep.)

M

Mail
Endoscopic retrieval of a concealed parcel (ERCP) (Schiano and Kelberman). 1996;43:85 (Letter)
Maloney dilator
Does fluoroscopic guidance for Maloney esophageal dilation impact on the clinical endpoint of therapy: relief of dysphagia and achievement of luminal patency (McClave et al). 1996;43: 93-7
Perforations after Maloney esophageal dilation (Langdon). 1996;43:82-3 (Letter)
Malpractice
Consent for colonoscopy (Fink and Chaudhuri). 1996;43:174 (Letter)
Manometry
An improved approach to delivery of enteral nutrition in the intensive care unit (Schapira and Jonard). 1996;43:264 (Letter)
Sphincter of Oddi manometry (Technology Assessment Committee). 1996;43:645-6
Mediastinal neoplasms
Fine-needle aspiration of posterior mediastinal lesions guided by radial scanning endosonography (Ikenberry et al). 1996;43:605-10 (New methods—New materials)
Treatment of esophageal obstruction from mediastinal compressive tumors with covered, self-expanding metallic Z-stents (De Gregorio et al). 1996;43:483-9
Mediastinum
Normal endosonographic findings (Hawes). 1996;43:S5-10 (Symposium)
Meperidine
Intravenous ketorolac tromethamine versus meperidine for adjunctive sedation in upper gastrointestinal endoscopy: a pilot study (Dies et al). 1996;43:6-9
Metal stents; *see* Stents
Methylene blue
Does staining gastric mucosa with methylene blue spraying method affect diagnosis of *Helicobacter pylori*? (Demirtürk et al) (Letter); (Hack) (Reply). 1996;43:81
Mortality
Fatal outcome following endoscopic fundal variceal ligation (Vitte et al). 1996;43:82 (Letter)
Laser palliation of inoperable malignant dysphagia: initial and at death (Bourke et al). 1996;43:29-32
Mycobacterium
Mycobacteria and glutaraldehyde: Is high-level disinfection of endoscopes possible? (Urayama et al). 1996;43:451-6

N

Nasogastric intubation; *see* Intubation, gastrointestinal
Neoplasm staging
Interobserver agreement in endoscopic ultrasonography staging of esophageal and cardia cancer (Burtin et al). 1996;43:20-4
The role of endoscopic ultrasound in the preoperative staging of pancreatic malignancies (Faigel and Kochman). 1996;43:626-8 (Editorial)
The TNM staging system (Tio). 1996;43:S19-24 (Symposium)
Nickel
Nitinol coil esophageal prosthesis: advantages of removable self-expanding metallic stents (Axelrad et al). 1996;43:155-60 (Case rep.)

O

Obstructive jaundice; *see* Cholestasis
Oddi, sphincter of
Sphincter of Oddi manometry (Technology Assessment Committee). 1996;43:645-6
Omeprazole
A randomized blinded comparison of omeprazole and ranitidine in the treatment of chronic esophageal stricture secondary to acid peptic esophagitis (Silvis et al). 1996;43:216-21

P

Pancreas, abnormalities
The incidence of pancreas divisum in children (Guelrud). 1996;43:83-4 (Letter)
Pancreas, growth and development
Detection of embryologic ventral pancreatic parenchyma with endoscopic ultrasound (Savides et al). 1996;43:14-9
Pancreatic neoplasms
The role of endoscopic ultrasound in the preoperative staging of pancreatic malignancies (Faigel and Kochman). 1996;43:626-8 (Editorial)
The TNM staging system (Tio). 1996;43:S19-24 (Symposium)
The use of EUS to diagnose malignant portal venous system invasion by pancreatic cancer (Brugge et al). 1996;43:561-7
Pancreatic strictures
Ultrasonic probes for pancreaticobiliary strictures (Yasuda). 1996;43:S35-7 (Symposium)
Pancreatitis
Endoscopic pancreatic drainage in chronic pancreatitis associated with ductal stones: long-term results (Dumonceau et al). 1996;43: 547-55
Endoscopic treatment of pancreatic stones in patients with chronic pancreatitis (Smits et al). 1996;43:556-60
Pancreatic stones: To treat or not to treat? (Lehman and Sherman). 1996;43:625-6 (Editorial)
Papillotomy; *see* Sphincterotomy, endoscopic
Parasympatholytics
Premedication with intravenous antispasmodic speeds colonoscope insertion (Saunders and Williams). 1996;43:209-11
Patient-controlled analgesia; *see* Analgesia, patient-controlled
Patient satisfaction
Patient-controlled analgesia for conscious sedation during endoscopic retrograde cholangiopancreatography: a randomized controlled trial (Jowell et al). 1996;43:490-4
PEG; *see* Gastrostomy
Peptic esophagitis; *see* Esophagitis, peptic
Peptic ulcer
Epinephrine or epinephrine plus alcohol for injection of bleeding ulcers: a prospective randomized trial (Chung et al). 1996;43:591-5
Natural history of bleeding peptic ulcers with a tightly adherent blood clot: a prospective observation (Lin et al). 1996;43:470-3
A prospective randomized trial of heater probe thermocoagulation versus injection therapy in peptic ulcer hemorrhage (Llach et al). 1996;43:117-20
Percutaneous endoscopic gastrojejunostomy; *see* Gastrojejunostomy
Peritoneoscopy
Laparoscopic examination of the bowel in trauma patients (Ponsky and Marks). 1996; 43:146-8 (New methods—New materials)
Laparoscopic Taylor procedure in Chinese patients (Gertsch et al). 1996;43:243-7 (New methods—New materials)
Mechanism, management, and prevention of laparoscopic bowel injuries (Schrenk et al). 1996;43:572-4
A new technique for jejunal tube placement: a marriage of enteroscope and laparoscope (Etzkorn et al). 1996;43:610-4 (New methods—New materials)
A novel approach to the removal of sharp foreign bodies from the stomach using a combined endoscopic and laparoscopic technique (Iafrati et al). 1996;43:67-70 (Case rep.)
The role of laparoscopy in the diagnosis of cirrhosis (Poniachik et al). 1996;43:568-71
Selective use of preoperative endoscopic retrograde cholangiopancreatography in laparoscopic cholecystectomy (Chan et al). 1996;43: 212-5
Placebos
The placebo in modern medicine (Silvis). 1996; 43:76-9 (Editorial)
Plastic prosthesis; *see* Stents
Pneumopericardium
An esophagopericardial fistula successfully treated with an expandable covered metal mesh stent (Tukkie et al). 1996;43:165-7 (Case rep.)
Pneumoperitoneum
Prospective comparison of helium versus carbon dioxide pneumoperitoneum (Neuberger et al). 1996;43:38-41
Polidocanol
Factors predicting failure of endoscopic injection therapy in bleeding duodenal ulcer (Brullet et al). 1996;43:111-6
A prospective randomized trial of heater probe thermocoagulation versus injection therapy in peptic ulcer hemorrhage (Llach et al). 1996;43:117-20
Polyethylene glycols
Oral sodium phosphate versus sulfate-free polyethylene glycol electrolyte lavage solution in outpatient preparation for colonoscopy: a prospective comparison (Clarkston et al). 1996; 43:42-8

Polyps
Crohn's esophagitis: a unique cause of esophageal polyposis (Walker et al). 1996;43:511-5 (Case rep.)
Development of hyperplastic polyps following laser therapy for watermelon stomach (Geller et al). 1996;43:54-6
The difference in colon polyp size before and after removal (Morales et al). 1996;43:25-8
Endoscopic snare excision of "giant" colorectal polyps (Binmoeller et al). 1996;43:183-8
How big is too big? (Waye). 1996;43:256-7 (Editorial)
Injection-incision–assisted snare resection of large sessile colorectal polyps (Kanamori et al). 1996;43:189-95
Portal vein
Hepatic portal venous gas after transgastric EUS-guided fine-needle aspiration of an accessory spleen (Pfaffenbach et al). 1996;43:515-8 (Case rep.)
The role of endoscopic ultrasound in the preoperative staging of pancreatic malignancies (Faigel and Kochman). 1996;43:626-8 (Editorial)
The use of EUS to diagnose malignant portal venous system invasion by pancreatic cancer (Brugge et al). 1996;43:561-7
Position statements
Alternative pathways to training in gastrointestinal endoscopy (American Society for Gastrointestinal Endoscopy). 1996;43:658-60
Reprocessing of flexible gastrointestinal endoscopes (American Society for Gastrointestinal Endoscopy). 1996;43:540-6
Probes
Endoscopic ultrasonic probes and mucosectomy for early gastric carcinoma (Yasuda). 1996;43:S29-31 (Symposium)
Ultrasonic probes for pancreaticobiliary strictures (Yasuda). 1996;43:S35-7 (Symposium)
Protective devices
Radiation exposure during ERCP: effect of a protective shield (Chen et al). 1996;43:1-5
Push enteroscopy; *see* Enteroscopy
Pyloric stenosis
Endotherapy for gastric outlet obstruction (Kozarek). 1996;43:173-4 (Editorial)
Through-the-scope balloon dilation for pyloric stenosis: long-term results (Lau et al). 1996;43:98-101

Q

Quality control
Quality improvement in gastrointestinal endoscopy: microbiologic surveillance of disinfection (Merighi et al). 1996;43:457-62

R

Radiation protection
Radiation exposure during ERCP: effect of a protective shield (Chen et al). 1996;43:1-5
Radiography
Radiographic contrast media used in ERCP (Technology Assessment Committee). 1996;43:647-51
Radiotherapy
Management of strictures after radiotherapy for esophageal cancer (Ng et al). 1996;43:584-90
Postradiotherapy benign biliary stricture: successful treatment by self-expandable metallic stent (Schmets et al). 1996;43:149-52 (Case rep.)
Prior radiation and chemotherapy increase the risk of life-threatening complications after insertion of metallic stents for esophagogastric malignancy (Kinsman et al). 1996;43:196-203
Ranitidine
A randomized blinded comparison of omeprazole and ranitidine in the treatment of chronic esophageal stricture secondary to acid peptic esophagitis (Silvis et al). 1996;43:216-21
Rapid urease test; *see* Urease
Rectal diseases
Aphthoid lesions of the rectum (Faigel et al). 1996;43:528-9 (Letter)
Dieulafoy's lesion in the rectum: a case report (Yeoh and Kang). 1996;43:614-6 (Case rep.)
Endoscopic snare excision of "giant" colorectal polyps (Binmoeller et al). 1996;43:183-8
How big is too big? (Waye). 1996;43:256-7 (Editorial)
Injection-incision–assisted snare resection of large sessile colorectal polyps (Kanamori et al). 1996;43:189-95
Red ring sign
Red ring sign versus aphthous ulcers of colonic mucosa? (Stark and Wolfe) (Letter); (Hixson) (Reply). 1996;43:529-31
Retroperitoneal space
Normal endosonographic findings (Hawes). 1996;43:S6-10 (Symposium)
Roth retrieval net
Extraction of an esophageal food impaction with a Roth retrieval net (Neustater and Barkin). 1996;43:66-7 (New methods—New materials)

S

Safety
Radiation exposure during ERCP: effect of a protective shield (Chen et al). 1996;43:1-5
Sclerotherapy
Combined endoscopic clipping and injection sclerotherapy for esophageal varices (Urita et al). 1996;43:140-3 (New methods—New materials)
Scope; *see* Endoscopes
Sedation, conscious; *see* Conscious sedation
Self-expandable metal stents; *see* Stents
Sengstaken-Blakemore tube
Endoscopic dilation of a benign postoperative colonic stenosis with a Sengstaken-Blakemore tube (Stigliano et al). 1996;43:70-2 (Case rep.)
Small intestine; *see* Intestine, small
Sodium phosphate
Colonic mucosal abnormalities associated with oral sodium phosphate solution (Zwas et al). 1996;43:463-6
Colonoscopy preps: What's best? (Keeffe). 1996;43:524-8 (Editorial)
Effect of oral sodium phosphate colon preparation on serum electrolytes in patients with normal serum creatinine (Lieberman et al). 1996;43:467-9
Oral sodium phosphate versus sulfate-free polyethylene glycol electrolyte lavage solution in outpatient preparation for colonoscopy: a prospective comparison (Clarkston et al). 1996;43:42-8
Preoperative preparation prior to colorectal surgery (Wexner) (Letter); (Hixson) (Reply). 1996;43:529-31
Sphincter of Oddi; *see* Oddi, sphincter of
Sphincterotomy, endoscopic
Biliary rendezvous or solo combined procedure for therapy of sump syndrome (Petersen). 1996;43:176-7 (Letter)
Divergent effects of endoscopic sphincterotomy on the long-term outcome of hepatolithiasis (Tanaka et al). 1996;43:33-7
Endoscopic pancreatic drainage in chronic pancreatitis associated with ductal stones: long-term results (Dumonceau et al). 1996;43:547-55
Endoscopic sphincterotomy in patients with liver cirrhosis (Prat et al). 1996;43:127-31
Endoscopic treatment of pancreatic stones in patients with chronic pancreatitis (Smits et al). 1996;43:556-60
Modification of common bile duct pre-cut sphincterotomy (Lehman and Sherman) (Letter); (Goff) (Reply). 1996;43:80-1
A new approach to sphincterotomy in patients with Billroth II gastrectomy (Al-Kawas and Geller). 1996;43:253-5 (Case rep.)
Pancreatic stones: To treat or not to treat? (Lehman and Sherman). 1996;43:625-6 (Editorial)
Power settings for pre-cut sphincterotomy (Heller). 1996;43:532 (Letter)
Preoral cholangioscopy using a new fine-caliber flexible scope for detailed examination without papillotomy (Soda et al). 1996;43:233-8 (New methods—New materials)
Simple method for making triple-lumen needle-knife papillotome (Silverman). 1996;43:264 (Letter)
Spleen
Hepatic portal venous gas after transgastric EUS-guided fine-needle aspiration of an accessory spleen (Pfaffenbach et al). 1996;43:515-8 (Case rep.)
Stains and staining
Does staining gastric mucosa with methylene blue spraying method affect diagnosis of *Helicobacter pylori*? (Demirtürk et al) (Letter); (Hack) (Reply). 1996;43:81
Endoscopic tissue staining and tattooing (Technology Assessment Committee). 1996;43:652-7
Stents
An esophagopericardial fistula successfully treated with an expandable covered metal mesh stent (Tukkie et al). 1996;43:165-7 (Case rep.)
Endoscopic biliary endoprosthesis for palliation of gallbladder carcinoma (Vij et al). 1996;43:121-3
Expandable versus conventional esophageal prostheses: easier insertion may not preclude subsequent stent-related problems (Kozarek et al). 1996;43:204-8
Human tissue responses to metal stents implanted in vivo for the palliation of malignant stenoses (Bethge et al). 1996;43:596-602
New technique for bilateral metal mesh stent insertion to treat hilar cholangiocarcinoma (Silverman and Slivka). 1996;43:61-3 (New methods—New materials)
Nitinol coil esophageal prosthesis: advantages of removable self-expanding metallic stents (Axelrad et al). 1996;43:155-60 (Case rep.)
Plastic prosthesis versus expandable metal stents for palliation of inoperable esophageal thoracic carcinoma: a controlled prospective study (De Palma et al). 1996;43:4478-82
Poor result after insertions of multiple esophageal metal stents in the cervical esophagus (Conio et al). 1996;43:264-5 (Letter)
Postradiotherapy benign biliary stricture: successful treatment by self-expandable metallic stent (Schmets et al). 1996;43:149-52 (Case rep.)
Prior radiation and chemotherapy increase the risk of life-threatening complications after insertion of metallic stents for esophagogastric malignancy (Kinsman et al). 1996;43:196-203
Removal of an incompletely expanded Ultraflex esophageal stent (Mallery and Freeman). 1996;43:163-5 (Case rep.)
Stents, cloggology, and esophageal cancer (Fleischer). 1996;43:258-60 (Editorial)
Trans-hepatic proximal migration of percutaneous-endoscopic biliary stent presenting as an abdominal wall abscess (Tan et al). 1996;43:152-4 (Case rep.)
Treatment of esophageal obstruction from mediastinal compressive tumors with covered, self-expanding metallic Z-stents (De Gregorio et al). 1996;43:483-9
Treatment of esophageal perforation with a covered expandable metal stent (Bethge et al). 1996;43:161-3 (Case rep.)
Use of expandable metal stents for benign biliary strictures: need for balanced multidisciplinary approach (Rossi et al). 1996;43:73-5 (Case rep.)
Sterilization
Flexible gastrointestinal endoscopic reprocess-

ing (DiMarino and Bond). 1996;43:522-4 (Editorial)
Mycobacteria and glutaraldehyde: Is high-level disinfection of endoscopes possible? (Urayama et al). 1996;43:451-6
Quality improvement in gastrointestinal endoscopy: microbiologic surveillance of disinfection (Merighi et al). 1996;43:457-62
Reprocessing of flexible gastrointestinal endoscopes (American Society for Gastrointestinal Endoscopy). 1996;43:540-6 (Position statement)
Stomach
Normal endosonographic findings (Hawes). 1996;43:S6-10 (Symposium)
A novel approach to the removal of sharp foreign bodies from the stomach using a combined endoscopic and laparoscopic technique (Iafrati et al). 1996;43:67-70 (Case rep.)
Retrieval of a pin from the stomach by endoscopic aspiration through an inner tube (Pugliese) (Letter); (Webb and Jordan) (Reply). 1996;43:261-3
Stomach diseases
Development of hyperplastic polyps following laser therapy for watermelon stomach (Geller et al). 1996;43:54-6
Sulfates
Oral sodium phosphate versus sulfate-free polyethylene glycol electrolyte lavage solution in outpatient preparation for colonoscopy: a prospective comparison (Clarkston et al). 1996;43:42-8
Sump syndrome; *see* Cholestasis
Surgical instruments
Complete tissue sampling of biliary strictures at ERCP using a new device (Howell et al). 1996;43:498-502 (New methods—New material)
Device evaluation and the Food and Drug Administration process (Technology Assessment Committee). 1996;43:641-4
Disposable versus reusable biopsy forceps: a prospective evaluation of costs (Kozarek et al). 1996;43:10-3
Improved distal tip of a double-lumen cytology brush (Silverman). 1996;43:633 (Letter)
A new biopsy hand instrument for endoscopic ultrasound–guided fine-needle aspiration biopsy (Vilmann and Hancke). 1996;43:238-42 (New methods—New materials)
Simple method for making triple-lumen needle-knife papillotome (Silverman). 1996;43:264 (Letter)
Symposium
Endoscopic ultrasonography. 1996;43:S1-64

T

Tamponade, balloon; *see* Balloon dilatation
Tattooing
Endoscopic tissue staining and tattooing (Technology Assessment Committee). 1996;43:652-7
Taylor operation
Laparoscopic Taylor procedure in Chinese patients (Gertsch et al). 1996;43:243-7 (New methods—New materials)
Temperature
Does using a warmer influence the results of rapid urease testing for *Helicobacter pylori* (Yousfi et al). 1996;43:260-1 (Letter)
Terminology
Endoscopic diagnosis and terminology of erosions and similar mucosal lesions (Mafatka). 1996;43:633-6 (Letter)
Thermocoagulation; *see* Electrocoagulation
Tissue sampling; *see* Biopsy
Titanium
Nitinol coil esophageal prosthesis: advantages of removable self-expanding metallic stents (Axelrad et al). 1996;43:155-60 (Case rep.)
TNM staging; *see* Neoplasm staging
Tomography, x-ray computed
CT-guided PEG in patients with unsuccessful endoscopic transillumination (Vogt et al). 1996;43:138-40 (New methods—New materials)
Training; *see* Education
Transillumination
CT-guided PEG in patients with unsuccessful endoscopic transillumination (Vogt et al). 1996;43:138-40 (New methods—New materials)
Trauma; *see* Wounds and injuries

U

Ulcer
Aphthoid lesions of the rectum (Faigel et al). 1996;43:528-9 (Letter)
Epinephrine or epinephrine plus alcohol for injection of bleeding ulcers: a prospective randomized trial (Chung et al). 1996;43:591-5
Factors predicting failure of endoscopic injection therapy in bleeding duodenal ulcer (Brullet et al). 1996;43:111-6
Laparoscopic Taylor procedure in Chinese patients (Gertsch et al). 1996;43:243-7 (New methods—New materials)
Natural history of bleeding peptic ulcers with a tightly adherent blood clot: a prospective observation (Lin et al). 1996;43:470-3
A prospective outcome study of patients with clot in an ulcer and the effect of irrigation (Laine et al). 1996;43:107-10
Red ring sign versus aphthous ulcers of colonic mucosa? (Stark and Wolfe) (Letter); (Hixson) (Reply). 1996;43:529-31
Ultraflex stent; *see* Stents
Ultrasonography
Anal sphincter disorders (Bartram). 1996;43:S32-4 (Symposium)
Detection of embryologic ventral pancreatic parenchyma with endoscopic ultrasound (Savides et al). 1996;43:14-9
Endoscopic ultrasonic probes and mucosectomy for early gastric carcinoma (Yasuda). 1996;43:S29-31 (Symposium)
Endoscopic ultrasonography artifacts and problems of interpretation (Rösch). 1996;43:S10-2 (Symposium)
Endoscopic ultrasonography and gallstone disease (Canto). 1996;43:S37-43 (Symposium)
Endoscopic ultrasonography-guided fine-needle aspiration biopsy of lymph nodes (Vilmann). 1996;43:S24-9 (Symposium)
Endosonography-guided cholangiopancreatography (Wiersema et al). 1996;43:102-6
Fine-needle aspiration of posterior mediastinal lesions guided by radial scanning endosonography (Ikenberry et al). 1996;43:605-10 (New methods—New materials)
Gastrointestinal lymphangioma: endosonographic demonstration and endoscopic removal (Hizawa et al). 1996;43:620-4 (Case rep.)
Hepatic portal venous gas after transgastric EUS-guided fine-needle aspiration of an accessory spleen (Pfaffenbach et al). 1996;43:515-8 (Case rep.)
Indications, contraindications, and complications of endoscopic ultrasonography (Lightdale). 1996;43:S15-9 (Symposium)
Interobserver agreement in endoscopic ultrasonography staging of esophageal and cardia cancer (Burtin et al). 1996;43:20-4
A new biopsy hand instrument for endoscopic ultrasound–guided fine-needle aspiration biopsy (Vilmann and Hancke). 1996;43:238-42 (New methods—New materials)
Normal endosonographic findings (Hawes). 1996;43:S6-10 (Symposium)
A primer on linear array endosonographic anatomy (Chang and Erickson). 1996;43:S43-7 (Symposium)
Progress in endoscopic ultrasonography (Lightdale). 1996;43:79-80 (Editorial)
The role of endoscopic ultrasound in the preoperative staging of pancreatic malignancies (Faigel and Kochman). 1996;43:626-8 (Editorial)
Symposium on endoscopic ultrasonography: introduction (Sivak). 1996;43:S1 (Symposium)
The TNM staging system (Tio). 1996;43:S19-24 (Symposium)
Training in endoscopic ultrasonography (Boyce). 1996;43:S12-5 (Symposium)
Ultrasonic probes for pancreaticobiliary strictures (Yasuda). 1996;43:S35-7 (Symposium)
Ultrasound physics: principles of ultrasonography (Herbener). 1996;43:S4-6 (Symposium)
The use of EUS to diagnose malignant portal venous system invasion by pancreatic cancer (Brugge et al). 1996;43:561-7
Urease
Detection of *Helicobacter pylori* by rapid urease tests: Is biopsy size a critical variable? (Yousfi et al). 1996;43:222-4
Does using a warmer influence the results of rapid urease testing for *Helicobacter pylori* (Yousfi et al). 1996;43:260-1 (Letter)
The influence of size or number of biopsies on rapid urease test results: a prospective evaluation (Laine et al). 1996;43:49-53

V

Vater, ampulla of
The TNM staging system (Tio). 1996;43:S19-24 (Symposium)

W

Watermelon stomach
Development of hyperplastic polyps following laser therapy for watermelon stomach (Geller et al). 1996;43:54-6
Women
Why is colonoscopy more difficult in women? (Saunders et al). 1996;43:124-6
Wounds and injuries
Laparoscopic examination of the bowel in trauma patients (Ponsky and Marks). 1996;43:146-8 (New methods—New materials)
